# JobPts

Employee Recognition & Rewards App

Employers can use JobPts to recognize and reward those employees who are acting in accordance with the employers', WHO's and other local authorities' COVID-19 guidelines.

This is a **great way to motivate your employees to stay safe during the crisis** and align them with the overall COVID-19 initiatives.

FeedBck

Continuous Employee Feedback

Employers can use FeedBck to stay connected with the entire workplace even when employees are not psychically together.

Managers and peers can give positive feedback to one another in order **to reinforce certain employee behaviors** necessary to overcome the critical COVID-19 times.
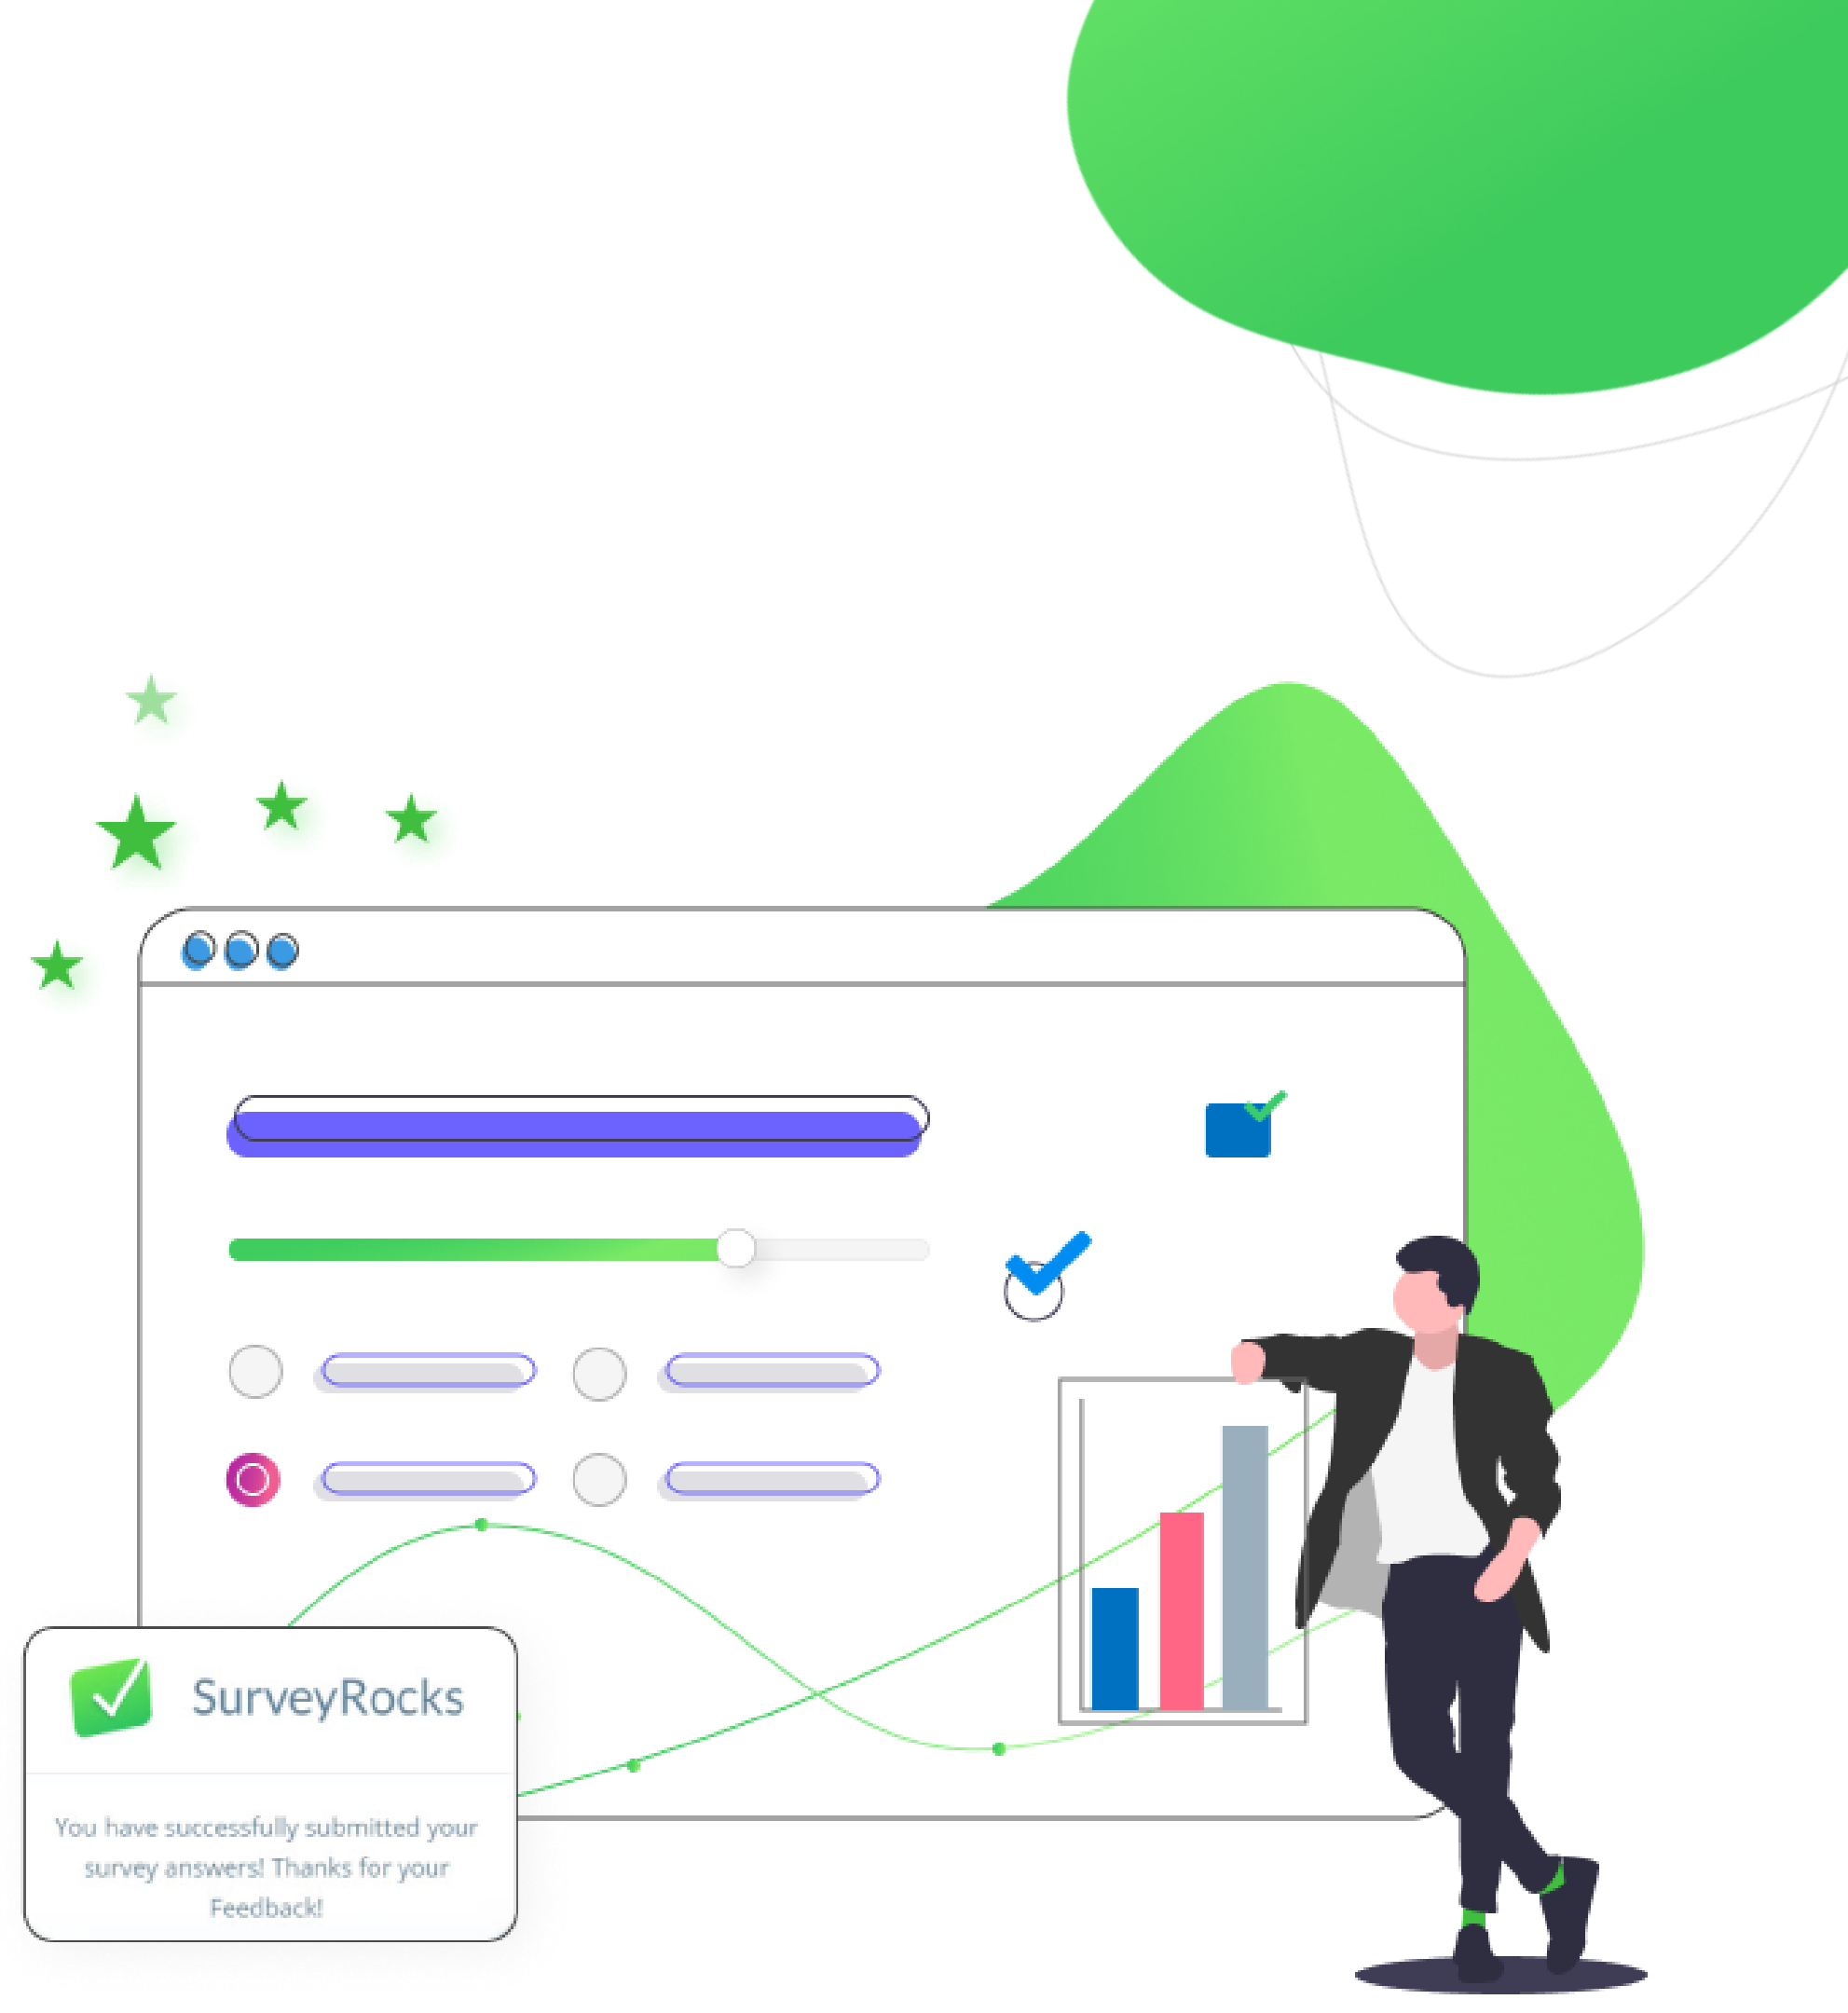

SurveyRocks

Employee Surveys & Pulse Checks

Employers can use SurveyRocks to continuously **listen to their employees' needs, feelings and concerns** in order to act upon the findings in a timely manner.

Employee pulse-check surveys are a great way to understand how your workplace breaths so that they can make more informed decisions for future actions and initiatives.

You have successfully submitted your survey answers! Thanks for your Feedback!

Nurture

Employee Communication

Keeping employees informed and up-to-date with important company and world updates is a must-have during coronavirus.

Employers can use Nurture to send personalized and targeted email campaigns to employees and track employees' consumption of the internal content being delivered.

BoardFlo

Employee collaboration

Online employee collaboration is crucial during this crisis. As many employees work remotely, online collaboration and communication is inevitable.

Companies can use BoardFlo to **enhance online working environments** in a way that makes teamwork more productive and organized.

Healthain

Employee Health & Wellness

Every employer wants to keep their employees healthy during the COVID-19 outbreak.

Employers can use Healthain to **track and encourage employees' healthy habits** during this crisis. They can set health-related goals for individuals and teams and reward the ones who are participating in the program.

WorkVibe

Employee Success

Workvibe is an out-of-the box employee success solution that enables HR Business Partners, Employee Experience and other people-related professionals to stay up to date with everything that is going on with their employees.

This **real-time view of employee's success status** helps organizations track employees' engagement during the COVID-19 outbreak.
